

NJCT Vision Statement

We envision North Minneapolis as a community where residents reach their potential to find employment in living wage jobs. We recognize the benefit of employment opportunities in close proximity to job seekers and which are accessible by public transportation. This multiplies individual, community and regional economic stability.

NJCT Mission Statement

To build an active collaborative that will provide the leadership for the research and analyses of high potential job creation opportunities. Our collaborative will use the recommendations of that research to engage all of the stakeholders in the development of 1,000 new jobs in North Minneapolis over the next five years.* These jobs will offer livable wages, with benefits, and are environmentally sound.

**The 1,000 job goal is divided into two goals; 300 positions by the end of 2016 and a total of 1,000 by the end of 2018.*
